# PRODUCTOLITH PTS. DIGITAL®

## The coated SBS Paperboard/Caliper Cover grade for digital

When choosing a coated SBS paperboard, Productolith® Pts. is a name you can trust. Our digital version of this classic gives you all the features you've come to expect from the standard Productolith® Pts. line. An exceptionally smooth, non-glare finish and whiter-white shade with 92 brightness yields superior printability and premium appearance on digital offset production and color laser. Guaranteed by the top digital equipment manufacturers, it also offers three chain-of-custody environmental certifications.

### APPLICATIONS

- |                    |                  |                          |
|--------------------|------------------|--------------------------|
| Folding cartons    | Pocket folders   | Menus                    |
| Cosmetic packaging | Variable imaging | Tags, Tickets and Labels |
| Software packaging | Postcards        | Book covers              |
| Table tents        | Direct mail      |                          |
| On demand printing | Business cards   |                          |
